| Q1. The expected outcomes of the simulation activity were clearly communicated prior to the session                           | 4.80                               | 4.64           | 4.40        | 4.40        | 4.39         | 4.51        | 4.57  | 4.50        | 4.78        | 4.50        | 4.50        | 4.70        | 4.74        | 4.59        |
| Q2. Simulation activities help make my learning time more productive.   | 4.70                               | 4.92           | 4.27        | 4.74        | 4.77         | 4.49        | 4.64  | 4.83        | 4.95        | 5.00        | 5.00        | 4.90        | 4.92        | 4.66        |
| Q3. The simulation teaching was effective.  | 4.77                               | 4.92           | 4.07        | 4.75        | 4.84         | 4.52        | 4.67  | 4.83        | 4.98        | 4.50        | 5.00        | 5.00        | 4.95        | 4.69        |
| Q4. The instruction method was appropriate for the intended learning.   | 4.80                               | 4.96           | 4.35        | 4.73        | 4.85         | 4.55        | 4.71  | 4.67        | 4.91        | 5.00        | 5.00        | 4.90        | 4.90        | 4.72        |
| Q5. I'm confident that I am developing skills from this simulation activity to perform necessary tasks in a clinical setting. | 4.59                               | 4.96           | 3.96        | 4.56        | 4.68         | 4.46        | 4.53  | 4.17        | 4.84        | 4.50        | 5.00        | 4.90        | 4.80        | 4.55        |
| Q6. The faculty/facilitator provided effective support for learners during the session.                                       | 4.88                               | 4.92           | 4.35        | 4.77        | 4.89         | 4.65        | 4.77  | 4.83        | 4.93        | 5.00        | 5.00        | 5.00        | 4.92        | 4.78        |
| Q7. The simulation center staff provided effective support for learners during the session.                                   | 4.81                               | 4.96           | 4.35        | 4.79        | 4.76         | 4.61        | 4.72  | 4.67        | 4.81        | 5.00        | 5.00        | 5.00        | 4.83        | 4.73        |
| Q8. The simulator/task trainer(s) used during the activity were effective for my skill acquisition.                           | 4.82                               | 4.92           | 4.23        | 4.72        | 4.83         | 4.53        | 4.70  | 4.83        | 4.89        | 5.00        | 5.00        | 5.00        | 4.90        | 4.71        |
