Above: Master's and PhD students earn degrees in the Biomedical Sciences Graduate Program at Tulane University School of Medicine. Below: Medical students celebrate at their diploma ceremony. (Videos by Ian McLachlan)

From our dedicated fourth-year medical students to our accomplished PhD and master's degree recipients, each has demonstrated unparalleled commitment and excellence in their field. This year's ceremonies honored their hard work and success, beginning a new chapter in their professional journeys. Watch highlights from the Hooding Ceremony honoring Biomedical Science graduates and the Diploma Ceremony honoring medical students in the videos above. Congratulations to everyone in the Class of 2024! (Videos by Ian McLachlan)
