September 27, 2024 4:00 PM

The clinical marketing team for Tulane Doctors honored this year's Top Doctors with this announcement in New Orleans Magazine.

Each year, Castle Connolly recognizes exceptional physicians nationwide who exemplify excellence in medical care. This year, 174 Tulane doctors across 50 specialties made the list of Top Doctors in New Orleans.

The Top Doctors distinction reflects these physicians' commitment to patient care, research, and innovation, and their relentless pursuit of excellence in their respective fields. From pioneering new treatments to contributing to groundbreaking research and providing compassionate care, Tulane doctors lead the way in improving health outcomes for our community and beyond.

Congratulations to all our Tulane Top Doctors for 2024!
