

Dr. Vivian Fonseca Ranked No. 2 Global Expert in Type 2 Diabetes by Expertscape

June 12, 2014 12:00 PM

Tulane Medicine is proud to be recognized as a global leader in Type 2 diabetes research and treatment by Expertscape, a respected healthcare ranking platform that uses peer-reviewed data to identify top experts and institutions in medicine.

Among the world's top-ranked physicians, Dr. Vivian Fonseca, Chief of Endocrinology and Assistant Dean for Clinical Research at Tulane, was named the #2 global expert in Type 2 Diabetes. This honor highlights Dr. Fonseca's ongoing commitment to advancing diabetes care and research that improves lives worldwide.

The ranking was released during the American Diabetes Association's Scientific Sessions, the largest diabetes-specific meeting in the world.
