

Trainee Member Sponsor Nomination Form

Applicant's Name: _____

has submitted an application for Trainee Membership in the Tulane Cancer Center.

Tulane Cancer Center Trainee Members are:

- Tulane graduate students
- Tulane medical students
- Tulane postdocs
- Tulane Medical School-affiliated residents or fellows
- Tulane undergraduate students on a case-by-case basis

Trainee Members are not independent investigators and are not required to have their own research support or publications, but they must:

- **Be engaged in cancer-focused research**
- **Be sponsored by a current Tulane Cancer Center member.**

Trainee Members Receive the Following Benefits:

- Association with a Tulane Cancer Center Research Program
- Association with Tulane Cancer Center Disease-Oriented Team(s)
- Access to Tulane Cancer Center shared resources for cancer-focused projects
- Invitations to scientific retreats, seminars, and special programs

Trainee Members Have the Following Responsibilities:

- Active participation in assigned Research Program
- Active participation in appropriate Disease Oriented Team (DOT)
- Inter- and/or intra-programmatic collaboration
- Acknowledgement of Cancer Center membership and use of shared resources, salary support or other Tulane Cancer Center funding in presentations and publications
- Notification to Tulane Cancer Center Administration of cancer-related intramural proposals and/or extramural grant applications in which the member is or plans to be involved
- Participation in fundraising activities on behalf of the Tulane Cancer Center
- Notification to Tulane Cancer Center Administration of publications, grants, investigator-initiated clinical trials, accruals, leadership roles, awards, media appearances, etc.
- Provide annual updates of cancer-focused research, career progress.

To sponsor the applicant named above, please confirm that they are engaged in cancer-focused research and that you recommend they be considered for Trainee Member status in the Tulane Cancer Center by signing below.
