
MISSION:

The Tulane Parenting Education Program (T-PEP) is committed to strengthening families and providing prevention and intervention services for children and their families involved with the child welfare system in collaboration with the Department Children and Family Services.

We honor the various identities held by families and individuals that we serve and are dedicated to striving for the highest standards of care with the respect and appreciation for diversity.

Through trauma-informed and attached-based services, our goal is to help children and their families recover from the effects of abuse and neglect, to foster resilience, and to prevent recidivism. Serve as a resource for information about typical child development, parent-child relationships, and observing family interactions.
