2023 Evelyn E. Henley Anesthesia Society Scholar Application

To All Interested Parties:

The National Medical Association (NMA) Anesthesiology section in collaboration with the Evelyn E. Henley Anesthesia Society are accepting applications for the 2023 Henley Anesthesia Society Scholar Awards. Application requirements include preparing a 12-15min PowerPoint presentation on an anesthesiology related topic. The selected scholars will present in person at the NMA Annual Convention on July 30th, 2023 in New Orleans, LA.

The application is open to medical students, residents, and fellows in anesthesiology or interested in anesthesiology. Mentorship is available to help medical students and residents who have minimal to presentation experience, if needed. We seek motivated applicants who are enthusiastic about anesthesiology. This is a great opportunity to network with established members in the field of Anesthesiology, both in academia and private practice, as well as an opportunity to learn more about Henley Anesthesia Society, the NMA and attend the NMA annual convention.

The application deadline is May 1st, if interested please apply as soon as possible because Scholar selections will be made on a rolling basis until the deadline. If interested, please submit your CV and abstract with 300 words or less with the following:

Topic/case title
Intro
Summary
Data results (if applicable)
Conclusion
References (at least 2)

If selected, the next deadline is June 15th to have your PowerPoint presentation draft completed. Final PowerPoint presentations will be due July 15th. Six Henley Scholars will be selected and receive a monetary Henley Scholar Award at the NMA, Dr. Clyde Jones MD Trainee Scientific Forum.

If you have any questions about the application process or questions about the NMA anesthesiology section please contact.
