

## DERMATOLOGY

We are pleased to announce that Tulane Dermatology is now offering patients online/virtual dermatology visits from the comfort and safety of their own home!!

Making an appointment is easy!

Have your patients call **985-893-1291** for our Covington office or **504-988-1700** for our New Orleans office and we will take it from there!

This is a new operation, and we are very flexible. We can communicate via an easy application. Our staff is specially trained and tech-savvy and can help patients use this application as they become more comfortable.

Tulane Dermatologists will see and interact with each patient personally. When patients access our platform they will get a real board-certified dermatologist and professors of dermatology with clinical expertise in all types of skin, hair and nail concerns.

We appreciate the many patients you have trusted us with their dermatologic needs. With our online visits, we will provide your patients with the same premium care and provide you with a complete summary-of-care letter.

Thank you for thinking of Tulane Dermatology.

Sincerely,

Erin Boh MD, PhD

Professor and Chairman

Tulane Dermatology
