

## Patient Presentation

**All students** are required to present a 10-15 minute presentation to patients at UMC or Healthy Mothers Clinic (LaSalle Clinic).

Topics are Ob and Gyn based.

**Handouts are a requirement.** If you need color copies, please mention when emailing presentation materials.

Submit your patient handout **1 day** prior to it being presented.

**Please include all publication references and/or website information.**

Email to: [tcarrero@tulane.edu](mailto:tcarrero@tulane.edu)

Presented information should be at the patients level - limit the use of medical jargon.

Using props is very beneficial to the patients and to your presentation grade. Students are to present during their clinic rotation.

You are to have an Attending or an Upper Level Resident available to view and grade your presentation.

It is the student's responsibility to attain and submit the graded evaluation from the Attending or Resident. Your handout must be submitted with your grade sheet.

**Presentation and grade sheet must be turned in by end of block.**
