

Required Clinical Experiences

For each required clinical clerkship or clinical discipline within a longitudinal integrated clerkship, list and describe each patient type/clinical condition and required procedure/skill that medical students are required to encounter, along with the corresponding clinical setting and level of student responsibility.

CLERKSHIP	Types of patients and clinical conditions	Skills/Procedures to be performed by medical students	Clerkship(s) in Which You Completed this Requirements or NOT DONE	Level of Medical Student Responsibility	Comments: Documentation or Explanation that lets us know you really did this
EMERGENCY MEDICINE	Acute Traumatic Injury (Life-Threatening)			PP = Partial Participation	
	Acute Traumatic Injury (Non-Life Threatening)			FP = Full Participation	
	Chest pain			FP	
	Abdominal pain			FP	
	Trauma			FP	
	Altered Mental Status			FP	
		Laceration Repair/Wound Care		FP	
		Splinting/Fracture care		FP	
		Lumbar puncture		PP	
		I&D of abscess		PP	
	Ultrasound		PP
