Dissertation Defense

Dr. Uri Shapira is going to talk today.

Contact the BMS Office for more information.

Postdoctoral Opportunities at Tulane SOM

A position is currently open for a postdoctoral associate to work in the laboratory. The successful candidate will contribute to scientific research focused on the role of sensory organs in the gastrointestinal tract. The position will involve the use of mouse models and in vitro assays to investigate the neural control of gut function.

Postdoctoral Research Associate Position

The Sammarco Lab has a position available for a Postdoctoral Research Associate to work on a project focused on the role of metabolism in prostate cancer progression. The successful candidate will conduct experiments using mouse models and cell culture to investigate the mechanisms by which changes in cell metabolism contribute to tumor growth and metastasis.

One Postdoc Position

The Counseling Center provides a 24/7 professional Student Affairs Professional on Call who can provide support and resources to students. For more information, contact Dr. Weiwei Xu's Office Hours.

Another Milestone

Meijuan “Selina” Sun
