The SOM's Clinical Trials Unit is available to assist you preparing submissions or research amendments as a result of COVID-19, if you do not have resources available. COVID-19 related studies may have a short turn around. If you would like the CTU's assistance, please contact the CTU directly at CTU@tulane.edu for assistance. Include in your information, all known deadlines and your contact information so that passwords you received to access the protocol can be obtained. Having this information upfront will help the CTU prioritize and assist you in submissions.

- NIH communications providing leniency and flexibility on grant proposal submission and award management. I believe these have been sent out via SPA listserv, and I have made sure to provide them to investigators currently working with ORPD assistance, but I thought it might be helpful for you to have them in case faculty reached out directly to you.

- Migrating your account from zoom to zoom for healthcare. In order to facilitate medical training (provider to trainee) or consult (provider to provider) discussions on a secure, HIPPA compliant platform, the University has converted all School of Medicine accounts from "Zoom" to "Zoom for Healthcare". Please follow the [instructions to complete account migration](#). There is also a [help guide](#) for users who have never created a meeting and sent an invitation through Zoom. Users who have not completed the migration will be unable to co-host meetings hosted by users who have migrated their accounts. Therefore, we are asking all School of Medicine employees and students to migrate to Zoom for Healthcare, even if you will never be discussing HIPPA information. For more information about Tulane-Zoom, visit the [IT Zoom Information Page](#).
