Did you know New Orleans has three professional sports teams? Tulane Institute of Sports Medicine is a proud partner of **NOLA Gold Rugby**, a major league rugby team that plays at the Shrine on Airline. Preseason begins later this month, and keep an eye out here and around the SoM campus for ticket giveaways, team swag and a chance to meet the players. [Check out the full NOLA Gold schedule here.](#)

Myint named Distinguished Fellow of APA

One of the many lessons associate professor of psychiatry and pediatrics **Myo Thwin Myint, MD**, teaches his residents and fellows is the importance of making changes through advocacy. One way to improve patient care, Myint says, is by partnering with academic and professional societies, which have the power to make broad changes across the system.

A longtime member of the American Psychiatric Association (APA), Myint has recently been recognized as a Distinguished Fellow by the organization. [Read more about this honor here.](#)
