

Sent on Behalf of Dr. Beverly Philip

To: Muhammad Anwar, M.B.B.S.

I am happy to be able to recommend that you be appointed to a two-year term as an adjunct member of the ASA Committee on Young Physicians. Adjunct members have full voting rights on the committee. Your appointment will become effective at the close of the second session of the House of Delegates on October 7, 2020 and conclude on October 26, 2022. The committee chair will be Dr. Elizabeth Malinzak.

Antitrust Statement and Copyright Policy

We welcome your contribution to this committee's work in achieving the goals of ASA and our profession. Each member of the committee is expected to follow ASA policies with regard to antitrust and copyright assignments in their work within the committee. The antitrust statement and the copyright policy are accessible via the ASA Administrative Procedures (available on the [Governance Resources](#) section of the ASA website).

ASAPAC

We would also like to take this opportunity to strongly encourage you to join ASAPAC, the political arm of our professional organization, if you have not already done so. Please know that your appointment to the above committee is not contingent on participation in ASAPAC in any way. However, if you would like to join or simply verify that you already have done so, please visit the Members Only section of the ASA website www.asahq.org/asapac. A strong PAC is crucial to ensuring that the medical specialty of anesthesiology is well represented on Capitol Hill.

ASA Representative

Committee and editorial board members are reminded that although they may speak as individuals for or against Board or House of Delegates actions, the committee itself is limited to positions and statements in accord with those of the Board of Directors and House of Delegates.

Also, if you are an active member of an anesthesiology subspecialty society, please assist us by reporting back to that society regarding this committee's activities. The subspecialty societies are critical to the future of our specialty, and, accordingly, it is extremely important for the subspecialty societies to remain informed of ASA's committee deliberations and actions.

Invitation Response

Acceptance of your appointment is a two-step process; all steps must be completed before your appointment can be confirmed.

STEP #1: Follow the link in the email to confirm or reject this appointment.

STEP #2: If accepted, log into the ASA website (www.asahq.org) and visit the My Account section:

- a) Update your professional profile if it is not current.
This will take less than five minutes and provides information useful in maximizing your effectiveness as a committee member, including current preferred contact information.
- b) Complete a current [Conflict of Interest](#) form.
Click on the "Conflict of Interest" link and complete the ASA Potential Conflict-of-Interest Disclosure Process. You need only complete this process once for all appointments you accept during a given year. If you have any difficulty with this site, or you are not an ASA member, please feel free to contact Kim Ellison at k.ellison@asahq.org.

Thank you in advance for your contribution to our specialty and patient care.

Respectfully yours,

Beverly

*Beverly K. Philip, M.D., FASA
President Elect*
