M. Matias Iberico, MD
Instructor of Medicine

About Dr. M. Matias Iberico:

Dr. M. Matias Iberico completed his internal medicine residency training at Kaiser Permanente in San Francisco. He then spent two years as a UCSF HEAL Initiative Global Health Equity Fellow, rotating between Fort Defiance, Navajo Nation and Mali where he worked with the non-profit operational research group Muso. While in medical school Dr. Iberico was awarded a Fulbright scholarship to study tuberculosis in Peruvian peri-urban slums and used that research to complete a master's degree in public health. He is passionate about global health equity and his interests include medical education and community health worker centered health systems strengthening. He is an Academic Hospitalist at Universtiy Medical Center of New Orleans.
