Ledet shows 'anything is possible'

Russell J. Ledet, PhD, faced and conquered many challenges on his journey to become a doctor. “Years ago, when I was working as a security guard at a hospital and I saw doctors taking care of people, I thought, maybe this is something that I can explore. So, I started thinking about what I needed to do to become a doctor. I asked a few of the doctors that I saw during my shifts at the

hospital if I could shadow them, and I was told that security guards don't really become doctors — but I didn't let that stop me.”

Ledet served as the Class of 2022 student speaker at the Unified Commencement Ceremony and also earned his MD & MBA from Tulane this past weekend. Congratulations to Dr. Ledet and the entire Class of 2022! [Read more here.](#)
